

Delaware River Watershed Urban Waters Federal Partnership
Water Quality & Quantity Community of Practice

Monitoring Webinar

Friday, February 27, 2015

- 1:00 **Welcome & orientation** – Michael Leff, Ambassador, Delaware River UWFP
- 1:10 **Presentation** – *“Water Quality Monitoring: A Three-Tiered Approach,” Stefanie Kroll, Ph.D., DRWI Project Science Director, Academy of Natural Sciences of Drexel University*
- 1:40 **Open discussion** – Megan Mackey (EPA Region III) and Carol Collier (The Academy of Natural Sciences of Drexel University), co-facilitators of Water Quality & Quantity CoP
- Q & A – Discussion
 - How are high-level monitoring and citizen monitoring being applied in other areas of the watershed?
 - What should we be promoting in the UWFP program area?
 - Are there issues of concerns that need to be addressed?
 - What agencies/organizations can help with monitoring and assessment?
 - Other topics of interest for this CoP?
 - Ideas for future meetings – webinars, face-to-face, site visits, etc.
 - Resources to share? Resources desired?
 - Other people to invite to this CoP?
- 2:15 **Adjourn**
