SUBJECT: TD2 Draft Deliverable: Further Scenario Revisions. (GSA Contract No. GS-00F-0019L, Order Number. EP06H000149)

Dear Milwina:

SRC has completed the draft deliverable for Technical Directive #2 – Further scenario revisions. Two copies of the deliverable have been sent to your office on compact disc. For your convenience the deliverable has also been uploaded to the password protected project ftp ([ftp://negley:t3mpPA\\$\\$@ftp.syrres.com/efed/TD2](ftp://negley:t3mpPA$$@ftp.syrres.com/efed/TD2)) site and can be downloaded as a single zip file. As Mark requested, hardcopies of the deliverable will not be sent. A list of files included with this deliverable is provided below in Table 1.

If you have any questions throughout your review of the deliverable please contact me.

Sincerely,

Tim Negley

| Table 1. Deliverables submitted under Technical Direction #2 | |
|--|---------------------------------|
| Deliverable | Electronic File Name |
| ▪ Revised Metadata for each of the 85 scenarios | PRZMSscenarioMetadata.wpd |
| ▪ Revised PRZM scenario files for each of the 85 scenarios | <scenario>.txt |
| ▪ MS Access database containing updated parameter values for each of the 85 scenarios | PRZMSscenarioDatabase.mdb |
| ▪ Revision log (Appendix C) discussing what changes were made to the scenarios and why changes were made (The revision log also includes revisions made to address CLA scenario specific comments) | PRZMSscenarioRevisionLog.doc |
| ▪ Draft report documenting the approach used for scenario revisions | PRZMSscenarioRevisionsDraft.doc |
