Subject: Underground Injection Control (UIC) Permit Application
 Carbon TerraVault 1, LLC (CTV) A1-A2 Project
 Class VI Pre-Construction Permit Nos. R9UIC-CA6-FY21-1 and No. R9UIC-CA6-
 FY22-3; Technical Review of Application

Dear Mr Hurst,

The United States Environmental Protection Agency, Region 9 (EPA) has conducted a technical evaluation of the Construction and Plugging Procedures for the two proposed injection wells for the subject permit application – Well 355-7R and Well 357-7R. Based on this evaluation, we have identified additional information or clarification needed for continued evaluation of the permit application. These comments are included in the two Enclosures.

Please submit the information requested in the Enclosures, by March 31, 2022. If you have any questions about this letter and the Enclosures, please contact me at (415) 972-3971, or call Michele Dermer at (415) 972-3417.

Sincerely,

David Albright
Manager, Groundwater Protection Section
